

Homeless Services

in the inner city

Kathleen Darwent
Homeless Man (2018)
Acrylic on canvas

A guide to assisting those experiencing homelessness within the City of Perth.

West Australians who are at risk of, or are experiencing homelessness, are some of the most vulnerable in the community and require support from a range of flexible and responsive services to end their homelessness journey.

This guide will help to ensure people who are experiencing homelessness, or at risk of experiencing homelessness, are treated respectfully and appropriately, and are able to request and receive the services they require.

Acknowledgement of Traditional Custodians

The City of Perth acknowledges the traditional custodians of the land that we are situated on, the Whadjuk people of the Nyoongar nation and Aboriginal people from other lands.

We celebrate the continuing traditions, living culture, and the spiritual connection to Boorloo and the Derbarl Yerrigan.

We offer our respects to Elders past and present.

COVER IMAGE: **Abdel Myassar**, Infinity (2022), Acrylic on canvas.

The attributed artworks in this document are from artists who have previously experienced homelessness.

Underlying principles of this guide

- People experiencing homelessness have the same entitlement as any member of the public to:
 - be in public places but at the same time respecting the right of local communities to live in a safe and peaceful environment; and
 - participate in public activities or events.
- People experiencing homelessness have diverse backgrounds and needs, these should be considered in any response:
 - Cultural sensitivity and respect should be applied when engaging with Aboriginal people experiencing homelessness and those from different cultural, linguistic or religious backgrounds.
 - Many people experiencing homelessness have complex needs such as mental health and/or drug and alcohol issues, or cognitive impairment.
 - People experiencing homelessness may also have experienced traumatic life events that affect their needs.
- This guide does not override existing laws, statutory requirements or regulations. It does not reduce the powers of organisations or their authority to enforce specific laws and regulations.
- People experiencing homelessness have the same access to right of reply and appeals/complaints mechanisms as all members of the public.

A response or intervention is appropriate if:

- the person requests assistance, or the person is distressed or in need of assistance;
- the person's behaviour is threatening the safety of the individual or the safety of people around them;
- the person's behaviour has resulted in damage to property or the environment such as an accumulation of litter or items scattered in the area;
- the person is sheltering in circumstances that places their own or others health and safety at risk (for example, staying in derelict buildings and high risk areas without the consent of the owner, also known as squatting);
- the person is an unaccompanied child who appears to be under the age of 15. In the first instance, contact should be attempted with parent/s or guardian, or Department of Communities – Child Protection and Family Support (9214 2444) during office hours or the Crisis Care Unit (9223 1111) after hours; or
- the person is a young person who appears to be 16 to 17 years old who may be at risk of harm.

First response for people experiencing homelessness

People who are homeless or at risk of being homeless, are encouraged to visit the day centres located in the inner city which provide support for homelessness (please see page 8).

The State Government through the Department of Communities has established the Street to Home Program to provide outreach assistance for people who are rough sleeping. These services are:

Moore Street Accredited Service Providers

The City continues to work with homeless service providers and goodwill groups working in the public realm to become accredited service providers at Moore Street Accreditation site.

Having a centralised location at Moore Street, the accreditation site aims to coordinate groups and services providing support to people experiencing homelessness within the City of Perth.

A person experiencing homelessness can access food, health services, hygiene services and donations of essential items at one place, one time. Service delivery is as follows:

Food services **Mon to Fri** 5pm–8pm
Sun 8am–11am
