

Residential Weed Control Exemption Form 2023

If you would like to exempt your verge from chemical weed control for the 23/24 financial year, please complete the below form and email through to Info.City@cityofperth.wa.gov.au

First Name:

Last Name:

Email Address:

Property Number:

Street Name:

Suburb:

Please tick the box to confirm your acceptance

I would like the verge adjacent to my property to be exempted from chemical weed control for the 23/24 financial year.

I acknowledge that by exempting the verge adjacent to my property from chemical weed control I will maintain the verge and road gutter to keep it free from weed growth.

All residents who complete a residential weed control exemption form will be contacted via their nominated email every following financial year to confirm if they wish to remain on the register. If no response is received by the commencement of the new financial year the nominated property will be removed from the exemption register.

You will receive and email from the City of Perth confirming that your property has been added to the weed control exemption register for the nominated financial year.

Please allow 5 business days for the processing and confirmation.
