**FA49/15 FINANCIAL STATEMENTS AND FINANCIAL ACTIVITY
STATEMENT FOR THE PERIOD ENDED 31 JANUARY
2015**

BACKGROUND:

FILE REFERENCE:	P1031315
REPORTING UNIT:	Financial Services
RESPONSIBLE DIRECTORATE:	Corporate Services
DATE:	26 February 2015
MAP / SCHEDULE:	Schedule 1 – Financial Statements and Financial Activity Statement for the period ended 31 January, 2015

LEGISLATION / STRATEGIC PLAN / POLICY:

Legislation	Section 6.4(1) and (2) of the <i>Local Government Act 1995</i> Regulation 34(1) of the <i>Local Government (Financial Management) Regulations 1996</i>
Integrated Planning and Reporting Framework Implications	Strategic Community Plan Council Four Year Priorities: Community Outcome Capable and Responsive Organisation A capable, flexible and sustainable organisation with a strong and effective governance system to provide leadership as a capital city and deliver efficient and effective community centred services.

DETAILS:

The Financial Activity Statement is presented together with a commentary on variances from the revised budget.

FINANCIAL IMPLICATIONS:

There are no direct financial implications arising from this report.

COMMENTS:

The Financial Activity Statement commentary compares the actual results for the seven months to 31 January 2015 with the revised budget approved by Council.

commentary in the first budget review. They included a fall in the level of economic activity, construction activity causing congestion, and significant increases in the Parking Levy. Additionally, the levels of activity at some venues has reduced after hours revenue for some car parks.

- Additionally, some fees have risen in the revised budget through increased development activity, as reflected in planning and development fees increasing by \$300,000.
- Parking fines have not changed from the previous budget review.
- Community service fee revenue has been reduced by \$53,000 due to actual performance in the period between budget revisions.
- Investment income has been adjusted upwards by \$309,000 based mainly on performance to date due to stronger cash flow and a good return from the balanced funds investment.
- Other revenue is showing a \$456,000 improvement over the October 2014 budget. \$400,000 of this is as a result of an expectation that Channel 7 will progress their claim for reimbursement of the 2014 expenses of the Christmas pageant in time for the Lotterywest grant to be claimed this year. Planning fee revenue is up \$300,000 but are largely offset by building fees which are down \$203,000.

Operating Expenditure (by Nature and Type)

- Excluding loss on disposal of assets and the contribution of assets on the land taken up by the Elizabeth Quay project, total external expenditure has dropped by \$3.2 million between the October and February reviews.
- Excluding a small reduction of \$84,000 in employee costs capitalised, employee expenses have reduced by \$930,000. Salaries were \$1.8 million below budget offset partially by an unfavourable sick leave variance of \$454,000 and an employee vacancy budget reduction of \$492,000.
- Materials and contracts were \$1.3 million less than previously forecast with major reductions in discretionary expenditure of consultancy and professional fees (\$542,000). Property maintenance was down \$157,000, Infrastructure contractors \$176,000 and assets not capitalised \$100,000. External contractors were over budget by \$267,000.
- Utilities and insurance were both close to budget.
- Depreciation is \$1.1 million below the previous revision partially due to depreciation on revalued infrastructure now commencing from April.

- Interest expenses are \$150,000 less than forecast because of delays to completion of the Perth City Library which results in capitalisation of interest to the project instead of it being an operating expense.
- Other expenditure has increased by \$302,000 with a \$250,000 increase in donations and sponsorship and \$121,000 adjustment upwards for Albert Facey House.

Operating Expenditure (by Directorate and Unit)

In this breakdown the accompanying schedule includes a comments column which briefly explains the reason for increases and decreases from the October review.

Capital Expenditure

- The capital budget has reduced by a net \$560,000.
- Project savings of \$1.3 million have been identified and released where projects have been cancelled or are near complete and savings have emerged.
- Forecasts have also revealed the need for \$700,000 additional expenditure is required as a result of scope changes, increased costs or variations to contracts.
- A new project for audio equipment in the Council Chambers costing \$60,000 has been requested.
- These adjustments to the previously adopted October revised budget bring the total capital expenditure budget to \$78.1 million. An amount of \$5.9 million of this has emerged as a carry forward.
- The funding impact of the change arising from the review is:

Funding Impact	\$000's
Municipal Funds	(655)
Reserves impact	(9)
Contributions reduction	(10)
Operating transfer	114
Net reduction in funding for capital projects	(560)

Revised Rate Setting Budget Statement

This statement details the impact on the closing funds of the changes above. There is a net increase to \$1,728,000 in closing funds. These have arisen from the savings in operating expenditure of \$2,034,000 (excluding depreciation and disposals of assets) and a decrease in revenue of (\$1,386,000) to give a reduction in the operating deficit of \$648,000 (excluding the change in depreciation). Additionally there are changes to capital and funding activities. Transfers to and from reserves reflect changes to capital spending.

FINANCIAL IMPLICATIONS:

The budget review has changed the overall financial position of the City. Net income has fallen by \$846,000 with non-cash operating adjustments generating \$1.15 million on an overall basis offsetting this, net capital expenditure requirements have reduced by \$560,000.

COMMENTS:

As with the previous budget review, the most significant factor in this budget is the reduction in parking revenue by a further \$1.9 million. Action is being taken to protect further erosion of this important revenue stream.

The City remains in a strong financial position.

Moved by Cr Yong, seconded by Cr Butler

That Council:

- 1. in accordance with Regulation 33A(3) of the Local Government (Financial Management) Regulations 1996 (as amended) approves
BY AN ABSOLUTE MAJORITY:***
 - 1.1 the February Budget Review 2014/15 as detailed in Schedules 2, 3, 4 and 5 noting the impact of reduced revenue and increased operating expense excluding depreciation;***
 - 1.2 capital expenditure of \$697,311 for work on projects as listed in Schedule 4 as "Ongoing Projects Requiring Additional Funds" and \$60,000 for "New Projects Requiring Funding" respectively, which will be provided out of the savings of \$1,317,086 on projects with surplus funds available;***

(Cont'd)

- 2.1 the budgeted operating surplus has decreased by \$845,578 to \$14,021,946;**
- 2.2 net savings of \$559,775 on capital projects reducing funding required from reserves of \$9,350 and from contributions of \$10,000;**
- 2.3 the net cash surplus in accordance with the revised Budget has increased by \$1,299,747 and this will be added to the Accumulated Surplus.**

**FA51/15 REVIEW OF COUNCIL POLICY CP9.13 – NOT
RATEABLE PROPERTIES (RATE EXEMPTIONS) AND
PARTIAL RATE EXEMPTIONS**

BACKGROUND:

FILE REFERENCE:	P1019031-2
REPORTING UNIT:	Financial Services
RESPONSIBLE DIRECTORATE:	Corporate Services
DATE:	25 February 2015
MAP / SCHEDULE:	Schedule 6 – Proposed Amended Policy CP9.13 – Not Rateable Properties (Rate Exemptions) and Partial Rate Exemptions

The amendments to Policy CP9.13 – Not Rateable Properties (Rate Exemptions) and Partial Rate Exemptions will further establish the principles for determining a consistent approach when exercising the Council's powers for granting rate exemptions.

LEGISLATION / STRATEGIC PLAN / POLICY:

Legislation	Section 6.26 of the <i>Local Government Act 1995</i>
Integrated Planning and Reporting Framework Implications	Corporate Business Plan Council Four Year Priorities: Capable and responsive organisation S19 Improve the customer focus of the organisation IP34 Enhance customer service Organisational Development Plan: G3 Strategic Financial Management – Critically revise relevant policies
Policy	
Policy No and Name:	CP9.13 – Not-Rateable Properties (Rate Exemptions) and Partial Rate Exemptions

DETAILS:

The City derives its revenue from a number of sources of which rates are a major part. A total of \$76.2 million in rates revenue is expected to be raised in the 2014/15 financial year which is 40% of total budgeted operating revenue.

The City, as with other local governments, regularly receives applications from a variety of organisations seeking rate exemptions. Rate exemptions, when combined with exempt land held by State or Federal Governments diminishes the potential source of revenue from rates and detracts from the objective of maintaining a reasonable level of overall general rates.

The purpose of this report is to ensure the policy for assessing applications for Rate Exemptions is in accordance with the legal advice sought on the matter of Not Rateable properties. The policy will provide Officers with the ability to establish whether a property can be determined for a rates exemption or not based on a documented policy position. Legal advice for the policy was requested following appeal of a refused rates exemption.

The policy will be used to provide clear guidelines for reviewing all exemption applications received. The policy is framed around rating principles contained within the provisions of the *Local Government Act 1995*. In applying the policy therefore consideration will be given to the 'commerciality' aspect of the land use of the property in question.

The policy also includes provision to rate part only of a property which would otherwise be exempt from rates.

The significant amendments to this policy are as follows:

The Policy Objective was updated to include the determination of eligibility for partial rate exemptions.
Some terminology was amended according to the legal advice to align with the <i>Local Government Act 1995</i> .
Re-wording was required in some areas and redistribution of information between some categories was required to make the policy clearer and more defined for each of the sub sections.
The information under the Relevance of Land Use was removed and replaced with information that was formally under different sub sections of the policy.
Definitions were added to the policy.
Authority to determine applications for rates exemptions was removed from the policy.

FINANCIAL IMPLICATIONS:

BUDGET ITEM:	Rates Revenue
BUDGET PAGE NUMBER:	1
BUDGETED AMOUNT:	\$ - Offset in the Rates budget amount
AMOUNT SPENT TO DATE:	\$916,503

The current rates exemption register shows a reduction in revenue of \$1,050,370 for the current year, which includes State and Local Government owned properties. Land held by the Crown is generally exempted from the payment of rates under Section 6.26 (2)(a) of the *Local Government Act 1995* and a more relevant figure for processing of rate exemption applications that excludes these properties is \$916,503.

It must be noted that the revenue reduction burden is shifted to the remaining rateable properties within the City during the rate setting in the budget process and additional revenue reductions may be incurred during a financial year when new applications are received that are determined to be Not Rateable.

It is not expected that the review of this policy will result in any significant increase in rate exemption applications.

All figures quoted in this report are exclusive of GST.

COMMENTS:

Payment of rates is the main interaction that most ratepayers have with the City. It is therefore important that there be consistency in administration of the rate base to maintain the most equitable distribution of the rate burden as is practically possible.

The City imposes differential general rates as per Section 6.33 of the *Local Government Act 1995* on all rateable land within the City according to the predominant use for which land is held or used as determined by the City.

Section 6.26 (2) of the *Local Government Act 1995* provides the criteria under which a rates exemption may apply. The Act does not clearly define some areas of the criteria for exemption; for example section (S6.26 (2) (g)) describes one criteria as “land held exclusively for charitable purposes”.

The rating provisions of the *Local Government Act 1995* together with the new policy itself will be used when determining the status of a property for approval of rates exemption under Section 6.26 (2) (g), i.e. land exclusively being used for charitable purposes.

This policy also provides for rating the commercial operations conducted on only part of a property where a rate exemption application has been received. Included in the determination process within the policy for these applications, reference will also be made to the materiality of the proportion of commercial use in the context of the overall property use. The approach used is based on the Australian Accounting Standard for Materiality (AASB 1031, paragraph 15) and will facilitate a resolution where applications are otherwise unclear by using an objective measurement which is consistently applied.

Properties where only a small portion of land is used for a purpose of a commercial nature, and which is not a separable land parcel, will nevertheless qualify for an exemption from rates if the area of land is immaterial.

Similarly where a separable portion of land has a mixed use, an exemption from rates will depend upon the frequency of its use for exempt purposes. Where the exempt purposes use exceeds 10%, as evidenced by a substantiated record of use, that portion of land will be exempt from rates.

The materiality provisions of the policy were inserted into the original policy following some issues that arose with properties requesting rate exemptions.

The amended Not Rateable Properties (Rate Exemptions) policy will provide a definitive guideline in determining applications for rate exemption.

Moved by Cr Butler, seconded by Cr Yong

That Council approves the amended Council Policy CP9.13 Not Rateable Properties (Rate Exemptions) and Partial Rate Exemptions as detailed in Schedule 6.

FA52/15 2015 LOCAL GOVERNMENT ELECTIONS

BACKGROUND:

FILE REFERENCE:	P1029486
REPORTING UNIT:	Governance
RESPONSIBLE DIRECTORATE:	Corporate Services
DATE:	26 February 2015
MAP / SCHEDULE:	Schedule 7 – Correspondence from the Western Australian Electoral Commission

Correspondence has been received from the Western Australian Electoral Commission (WAEC) advising that in accordance with Section 4.20(4) of the *Local Government Act 1995*, the WA Electoral Commissioner agrees to conduct the City of Perth 2015 ordinary election subject to that election being undertaken as a postal election (refer to Schedule 7).

LEGISLATION / STRATEGIC PLAN / POLICY:

Legislation	Sections 4.20(4) and 4.61(2) of the <i>Local Government Act 1995</i>
--------------------	--

Integrated Planning and Reporting Framework Implications	Strategic Community Plan Council Four Year Priorities: Capable and Responsive Organisation A capable, flexible and sustainable organisation with a strong effective governance system to provide leadership as a capital city and deliver efficient and effective community centred services.
---	---

DETAILS:

The 2015 local government elections will be held on Saturday, 17 October 2015.

Section 4.20(4) of the *Local Government Act 1995* enables a local government, having first obtained the written agreement of the WA Electoral Commissioner, to

declare the WA Electoral Commissioner to be responsible for the conduct of an election.

Further, Section 4.61(2) of the *Local Government Act 1995* allows a local government to decide to conduct an election as a postal election.

The WA Electoral Commissioner has written to the Chief Executive Officer giving his written agreement to be responsible for the conduct of the City's ordinary election in 2015, as well as for any other elections or polls that may be required prior to that election. The WA Electoral Commissioner's agreement to be responsible for the City's 2015 election is contingent upon that election being conducted as a postal election.

The Governance Unit has been undertaking a number of initiatives to increase the number of electors contained within the Owners & Occupiers Roll, this has included direct mailouts to all property owners at the time of purchase of properties within the City of Perth. Advertisements and use of social media to encourage existing property owners and tenants to enrol continues to be undertaken.

Advocacy for change as part of the Capital City legislation also seeks to remove the requirement for certain enrolments to expire and have to reapply, but rather ensure that the CEO is satisfied that the enrolment still remains correct will assist in arresting the decline in enrolments that currently take place. As an example following on from the 2013 Local Government Elections 859 enrolments expired in accordance with Section 4.33(2A) of the *Local Government Act 1995*, which represented 28% of the total Owners & Occupiers Roll. Despite efforts of Officers only a small minority of reenrolments were received.

The City of Perth continues to pursue relevant legislative amendments within the proposed Capital City legislation that will allow for greater representation of critical stakeholders, being the business sector. Deeming Provisions like that contained within Electoral Provisions for the City of Melbourne has been considered.

Support for greater representation has been demonstrated by key industry groups including the Property Council and Chamber of Commerce & Industry WA.

In the absence of legislative change being introduced the City of Perth will continue to devise ways to increase electorate representation by various means including advertising both in general newspaper circulations as well as industry specific publications.

FINANCIAL IMPLICATIONS:

The WAEC has estimated the cost of conducting the City's 2015 election at \$46,000 (including GST). The cost of the 2015 election will be included in the Council's 2015/16 budget.

A recent announcement by the Federal Communications Minister Malcolm Turnbull said Australia Post would introduce a two-speed mail service, with a regular service operating two days slower than the current delivery speed, and a premium-rate priority service.

Services would likely be introduced in September 2015 and additional costs will be incurred. Given the limited timeframe from the time ballot papers are distributed and the close of polls, it will be imperative to utilise the premium rate priority service which will likely see a doubling of existing costs for postage of ballot papers and reply paid envelopes.

COMMENTS:

The City of Perth has conducted its elections as postal elections since 1995 and evidence suggests that postal elections consistently achieve a higher voter participation rate than in person elections.

It is recommended that the Council declares the WA Electoral Commissioner to be responsible for the City's 2015 election and any other polls that may be required up to (but not including) the 2017 Ordinary Local Government elections.¹

Moved by Cr Butler, seconded by Cr Yong

That Council, BY AN ABSOLUTE MAJORITY DECISION:

- 1. in accordance with section 4.20(4) of the Local Government Act 1995, declares the Electoral Commissioner responsible for the conduct of the 2015 City of Perth ordinary election together with any other elections or polls which may be required up to (but not including) the 2017 Ordinary Local Government elections;***
- 2. in accordance with section 4.61(2) of the Local Government Act 1995, decides to conduct the City of Perth's 2015 ordinary election as a postal election.***

**FA53/15 PROPOSED VARIATION OF LEASE – LUCKY CHARM
NEWSAGENCY – SHOP 7, CITY STATION
CONCOURSE**

BACKGROUND:

FILE REFERENCE: P1026031
REPORTING UNIT: Property Management Services
RESPONSIBLE DIRECTORATE: City Services
DATE: 24 February 2015
MAP / SCHEDULE: N/A

At its meeting held on **3 August 2010**, Council agreed to vary the lease for Shop 7 at the City Station Concourse to allow the lessees to sell bottled still water. No other drinks or food lines (apart from potato chips and confectionery) are to be stored or sold.

Prior to this date the sale of all drinks was prohibited.

The Lucky Charm Newsagent has made several approaches to the City in an effort to have its lease varied to include the sale of all cold drinks.

LEGISLATION / STRATEGIC PLAN / POLICY:

Legislation	Section 3.58 of the <i>Local Government Act 1995</i>
Integrated Planning and Reporting Framework Implications	Corporate Business Plan Council Four Year Priorities: Responsive and capable organisation. S19 Improve the customer focus on the organisation IP34 Enhance customer service

DETAILS:

The franchise operator of the Lucky Charm Newsagent has requested that Council consider an amendment to the usage clause of its lease. The usage clause currently states that:

“The sale of lottery tickets, football pools and other associated items, newspapers, magazines, news agency lines, potato crisps, cigarettes, confectionery and bottled still water. No other drinks or other food lines are to be stored or sold.”

The franchise operator has requested that this clause be amended to read:

“Retail Newsagency including all usual newsagency lines, lottery and all approved gambling lines, cigarettes, art and art lines, magazines, gifts, stationery, bill paying, confectionery and drinks, photocopying and laminating and image reproduction services, dry cleaning agency and any other item in conjunction with The Lucky Charm and its Rewards Promotions.”

This is a standard operating usage clause that the Lucky Charm Group has in its agreements.

In addition the Lucky Charm Group has recently entered into an agreement with Coca Cola Amatil to supply and promote its products in Lucky Charm stores across the nation. The store at City Station Concourse is not able to partake in these promotions.

Currently the following tenants stock and sell a range of cold drinks:

- Trackside Bakery;
- Priceline Pharmacy;
- Bocelli's Coffee / Ice Cream Kiosk; and
- Mad Kitchen Sushi.

In the past, the Trackside Bakery has objected to the Lucky Charm Newsagency being permitted to sell cold drinks other than bottled water.

The owner of Trackside Bakery claims that representations were made to them stating that Lucky Charm was expressly forbidden to store and sell drinks and this is the basis of its objection.

The City has been unable to locate any written evidence or disclosure statement that supports Trackside Bakery claims.

The City allowed Lucky Charm to sell bottled water in August 2010.

Mad Kitchen Sushi was also permitted to sell a range of cold drinks when its lease commenced in February 2014.

Neither of these appear to have had a negative effect on the operation of Trackside Bakery.

FINANCIAL IMPLICATIONS:

There are no financial implications related to this report.

COMMENTS:

In the absence of any disclosure documentation by way of brochures, advertisements, pamphlets or other written information which might have been provided to Trackside Bakery prior to them entering into a lease, it is difficult to determine the extent of any liability to which the City may be exposed.

Given that both Priceline Pharmacy and Mad Sushi have been permitted to sell a range of cold drinks after the Trackside Bakery entered into its lease, it is considered that any risk to the City would be minimal if any.

The application to vary the lease for the Lucky Charm Newsagency, located at Shop 7 of the City Concourse is supported.

Moved by Cr Yong, seconded by Cr Butler

That Council agrees to vary the usage clause of the lease over Shop 7, City Station Concourse, to include the storage and sale of cold drinks.

**FA54/15 POINT FRASER DEVELOPMENT – REQUEST FOR
EXTENSION OF PRACTICAL COMPLETION DATE**

BACKGROUND:

FILE REFERENCE:	P1027581
REPORTING UNIT:	Property Management Services
RESPONSIBLE DIRECTORATE:	City Services
DATE:	24 February 2015
MAP/SCHEDULE:	N/A

On 1 July 2012, the City entered into a sub-lease with City Foreshore Investments Pty Ltd over Lot 306 on Plan 47251 being the whole of the land shown on Crown Land Title Volume LR3140 Folio 966, for a development comprising of a café, kiosks,

commercial offices, restaurants, function centre, cocktail lounge, boutique brewery, tavern, bars, retail outlets, jetty for mooring purposes, museum and any other zoned use as may be approved from time to time.

Under the terms of the Sub-Lease the date for practical completion of the project was 30 June 2014.

At its meeting held on **24 June 2014**, Council:

“agreed to extend the practical completion date as required under the terms of the sub-lease between the City of Perth and City Foreshore Investments Pty Ltd from 30 June 2014 to 30 November 2015.”

The City has received advice from City Foreshore Investments Pty Ltd that the extended practical completion date of 30 November 2015 will not be met.

LEGISLATION / STRATEGIC PLAN / POLICY:

Legislation	Section 3.58 of the <i>Local Government Act 1995</i>
Integrated Planning and Reporting Framework Implications	Corporate Business Plan Council Four Year Priorities - Perth as a Capital City S5 Increased space activation and use of under-utilised space IP11 Contribute to and facilitate the activation and use of vacant private and public space.

DETAILS:

City Foreshore Investments Pty Ltd has submitted a further request for practical completion of the development to be extended from 30 November 2015 until 31 March 2016. In a letter to Council, the Sub Lessee writes:

“...it is necessary for us to revisit the agreed timetable for completion of the development and would appreciate your assistance in formalising this extension as required under our lease documentation. Your prompt action would be greatly appreciated as our financiers will require this extension formalised so that we can release the relevant progress payments to the builder.”

Additional challenges are being faced by the developer as Point Fraser is considered to be a very environmentally sensitive location, this development is being built on very unstable land and also, out into the river.

The ability for the developer to satisfy the environmental conditions put on the Development Application by the Swan River Trust (SRT) has taken longer than originally anticipated.

The ground conditions both on the land area and out into the river were more unstable than anticipated. This required extensive piling on which the development will sit, to be 25 metres deep, which is significantly deeper than initially envisaged.

The time delays in satisfying the SRT environmental conditions resulted in a delay to the commencement of drilling the piles into the riverbed and this was compounded by the unavailability of specialised barges and drilling rigs to undertake the works.

Due to demand and delays in meeting the SRT conditions, the drilling rig was unavailable as it was booked for other work in the north west of the state so the developer had to wait until a suitable barge and drilling rig became available.

The complicated piling and slab work, which forms the forward works, has been completed. The building licence was issued just prior to Christmas 2014 and the building contract was entered into with ADCO Constructions in January 2015. Currently there is a 54 week construction program to meet practical completion.

City Foreshore Investments Pty Ltd is seeking to extend the practical completion date to 31 March 2016.

Clause 6.3 (a) (ii) of the sub-lease requires the Sub Lessee to -

“Use reasonable endeavours to achieve practical completion of the Sub Lessee's works by no later than 2 years after the commencement date.”

This date would have been 30 June 2014.

The City holds a Bank Guarantee to the value of \$99,000 which may be called upon in the event of default.

FINANCIAL IMPLICATIONS:

The Sub-Lessee is required to pay rent commencing from the day after the practical completion date. The rent is to be determined by a market rental valuation to be carried out by an independent valuer no later than six months prior to the rent commencement date. The valuation has not been undertaken.

There is no income budgeted for the 2014/15 financial year.

At its meeting held on **30 January 2007**, Council resolved to adopt the *City of Perth Thoroughfares and Public Places Local Law 2007*. The purpose of this local law was stated as being to “*provide for the regulation, management and control of activities in thoroughfares and public places throughout the district*”.

The effect of the local law was stated as being to “*establish the requirements with which any persons using or in thoroughfares and public property within the district, must comply*”.

At its meeting held on **27 August 2013**, Council resolved to make the *City of Perth Thoroughfares and Public Places Amendment Local Law 2013* which included various amendments to the *City of Perth Thoroughfares and Public Places Local Law 2007*. The original local law and its subsequent amendments within the 2013 Amendment Local Law constitute the Principal Local Law. The 2013 Amendment Local Law did not include a statutory review.

In accordance with Section 3.16 of the *Local Government Act 1995*, a statutory review of the *City of Perth Thoroughfares and Public Places Local Law 2007* has been undertaken. A State-wide public notice was published in The West Australian newspaper on 3 September 2014, and exhibited on the City’s noticeboards, the City of Perth website and through the City’s Facebook and Twitter social media accounts, seeking public submissions on the Principal Local Law.

Section 3.16 of the *Local Government Act 1995* states that Local Laws are required to be reviewed within eight years from the day they become operable. The statutory review process is initiated by State-wide public notice calling for submissions. On finalisation of the public submission period, Council is required to consider submissions received and to finalise the statutory review.

To finalise the statutory review, Council needs to determine whether or not it considers that the local law should be repealed or amended. If Council determines a local law is to be amended, an Amendment Local Law is to be made in accordance with Section 3.12 of the *Local Government Act 1995* and a further public notice and public submission period is required.

Statutory Review

At the close of submissions on Wednesday, 22 October 2014, no external submissions had been received by the City.

As part of the City's continuous review and improvement of its local laws, Officers have identified a number of drafting issues within the Principal Local Law affecting its application and interpretation in the contemporary environment. Schedule 8 provides details of all proposed amendments and justification. Proposed amendments are marked as follows:

- Deleted text identified with a striketrough.
- New text identified with italics.

In summary, the amendments incorporate:

- New definitions to provide clarity to clauses;
- Amendments to existing definitions to ensure alignment between other City of Perth local laws;
- Proposed increases to penalties to reflect the seriousness of offenses and to act as deterrents against infringing behaviour;
- Administrative corrections (remove the previously included full definitions and replace with references to the source legislation, provided updated legislation references such as the *Building Act 2011*, and drafting corrections as recommended in legal advice obtained by Officers – TRIM 239968/14); and
- New signage clauses regulating signs in thoroughfares and public places.

Repeal of City of Perth Signs Local Law 2005

The purpose and intent of the City's *Signs Local Law 2005* is to provide for the regulation, control and management of signs within the City. However, advice received in 2010 from the Department of Local Government and Communities advised that the Parliament's Joint Standing Committee on Delegated Legislation had found that local governments do not have the power to regulate signs on private property under a local law, only those that are on a thoroughfare or public place.

Signs on private property are now regulated through development applications and building permits where required in accordance with the *Planning Development Act 2005* and the *Building Act 2011*.

As the City only has the power to regulate signs in public places, it is necessary to include new proposed clauses 2.16, 2.17, 2.18 and 2.19 in the *Thoroughfares and Public Places Amendment Local Law 2015* for this purpose. This would also require the City's current *Signs Local Law 2005* to be repealed.

FINANCIAL IMPLICATIONS:

Costs will be incurred in making the City of Perth *Thoroughfares and Public Places Amendment Local Law 2015* through the requirement to issue public notice of the adoption of the local law and its publication in the Western Australian Government Gazette. These administrative costs are estimated to total \$1,500 (excluding GST) and can be accommodated in Council's 2014/15 Budget.

It is noted that several penalties have been increased in order to reflect the seriousness of the offences and to further deter any infringing behaviour.

COMMENTS:

Minor issues identified during the internal review of the Principal Local Law have been addressed in the proposed Amendment Local Law. Investigations have been carried out regarding the City's smoking prohibition clause that is applicable to Hay and Murray Street Malls and its possible application to other public places, such as those under the control of the Metropolitan Redevelopment Authority.

As some of these places may be handed back to the City's control in the future, it is necessary that consistent terminology should be utilised within any handover documentation to allow the local law to be applied. For example, Clause 2.1(k) of the local law states that there is no smoking permitted in any "mall reserve"; accordingly, the handover documentation is required to name the "mall reserve" to ensure that the local law is applicable.

It is noted that further investigation is required to clarify how the City may apply the local law to other places which the State Government may retain ownership.

The proposed change to Clause 2.1(i) of the local law will allow for cyclist movements in the Hay and Murray Street Malls as identified in the adopted City of Perth Cycle Plan 2029. Legal advice obtained (TRIM 239968/14) has indicated that the City is required to consult with owners and lessees of retail outlets, cafes and other businesses which are accessed via the Hay and Murray Street Malls regarding proposed changes to the intended use of the mall (allowing cyclist to ride through the malls). The City will undertake this stakeholder consultation during the public notice period and if gazette by Council will require to be referred to the Department of Lands for Ministerial Consent.

As the proposed amendments to the Principal Local Law are minor, generally administrative in nature, and no external submissions were received, it is recommended that Council resolve that an Amendment Local Law is to be made in accordance with Section 3.12 of the *Local Government Act 1995* with a further public notice and submission period. At the conclusion of the public submission period, a further report will be provided to Council for it to consider any submissions made and whether the Amendment Local Law should be made as proposed.

FINANCIAL ACTIVITY STATEMENT FOR THE SEVEN MONTHS TO 31 JANUARY 2015

REPORT OF VARIANCES TO BUDGET

This report compares the actual performance for the seven months to 31 January 2015 compared to the revised budget approved by Council on 18 November 2014.

Operating Revenue

- Parking revenue is overall (\$953,000) below the revised budget, which was reduced by \$3.8 million from the original budget. The shortfall occurred in undercover car parks (\$677,000) with Elder Street (\$282,000), the Convention Centre (\$225,000), Pier Street (\$106,000) and Concert Hall (\$75,000) being the main car parks experiencing shortfalls. Also Open Air car parks (\$122,000) fell short of the revised budget, mainly Queens Gardens (\$91,000), plus lower Kerbside parking revenue (\$295,000). Compliance revenue from Work Zone fees is \$145,000 above budget owing to the construction activity within the City. Various actions such as price reductions to meet competition from adjacent competitors are being pursued.
- Fines and Costs fell (\$175,000) below the revised budget in parking compliance, reflecting the decline in parking activity within the City.
- Investment income is \$384,000 above the revised budget with high levels of cash invested and a good return from balance funds in January of \$130,000. The outlook for interest rates continues to decline, however the earlier deposits at competitive rates and returns on balance funds yielded an overall average return for the period of 4.85%. The benchmark rate was 3%.
- Rental and Hire Charges are \$145,000 above budget for the period arising mainly from Banners \$12,000, Affordable Housing \$55,000 and Reserve Hire \$78,000, partly offset by smaller variances across a range of activities.
- Recurrent Grants are (\$80,000) below the revised budget as a result of timing of receipts of Main Roads Department Blackspot grants (\$60,000) and Child Care Centre (\$17,000).
- Other income is \$654,000 above revised budget following an earlier than expected payment from Lotterywest of a \$358,000 grant in respect of the Channel 7 Christmas Pageant. This was offset in expenses by sponsorship of the Pageant. Additionally Licensing and Registrations were \$82,000 higher, which includes Air Space licenses, plus an insurance rebate of \$105,000 received and timing differences of an anticipated FESA administration fee of \$71,000 all contributed to the favourable variance.

FINANCIAL ACTIVITY STATEMENT FOR THE SEVEN MONTHS TO 31 JANUARY 2015

REPORT OF VARIANCES TO BUDGET

Operating Expenditure

- Employee costs are \$944,000 below revised budget due to timing differences in the recruitment of staff.
- Materials and contracts are \$2.6 million under the revised budget, the principal areas being infrastructure maintenance in Hay Street Mall \$294,000, Footpaths \$255,000 and Road Reserves \$234,000. Property maintenance was also \$461,000 lower overall, including Council House \$139,000 and smaller variances in a range of car parks and other buildings. Other general areas were Consultancy \$248,000, Rental and Outgoings \$159,000, Professional Fees \$134,000, Printing \$125,000, Assets not Capitalised \$110,000 and smaller variances spread generally throughout the organisation.
- Utilities are \$137,000 below revised budget mainly due to lower power costs \$115,000.
- Depreciation is \$1.3 million under the estimates mainly in Roads and Kerbs \$885,000, Buildings \$140,000 and Computers \$205,000. Timing of additional depreciation is dependent upon capitalisation of completed works and asset purchases, plus the bringing onto the system of revalued infrastructure.
- Loss on disposal of assets lagged behind expected write-offs which normally occur upon close outs of completed works.

Investing Activities

- Capital expenditure is \$11 million less than anticipated but this variance will be reduced as projects underway accelerate and the projects' cycle progresses. A number of large projects are nearing completion or being progressed, including the City of Perth Library and Public Plaza, drainage at Kings Park and Mounts Bay Road and lighting in St Georges Terrace (William to King Streets). Several large projects are being impacted by restrictions to access for completion of works and will not be able to be completed in this financial year due to ongoing construction in the area, e.g. the Barrack Street 2-Way Conversion, which is being affected by the development at the Treasury Building site.
- Transfers to Reserves are running marginally ahead of the revised budget.

Financing Activities

- Transfers from Reserves are below the expected level in the revised budget by (\$11.8 million), reflecting both the delays in capital

**FINANCIAL ACTIVITY STATEMENT FOR THE SEVEN MONTHS TO
31 JANUARY 2015**

REPORT OF VARIANCES TO BUDGET

expenditure and partly the timing of expensing of the Parking Bay license payments.

- Funding from carry forwards estimated in the revised budget is also dependant on the progress of the capital works program.
- A distribution was received from the Tamala Park Regional Council from disposals of development land at Tamala Park, with a further amount expected to be received before the end of the financial year.

Amounts sourced from Rates

- Rates revenue raised is running close to revised budget.

EXPLANATORY NOTES – FINANCIAL ACTIVITY STATEMENT

BACKGROUND

- Regulation 34 of the Local Government (Financial Management) Regulations 1996 was amended effective from 1 July 2005.
- The amendment prescribes a monthly Financial Activity Statement (FAS) reporting the sources and application of funds, as set out in the Rate Setting Statement which is included in the Annual Budget.

PURPOSE

- The FAS reports the actual financial performance of the City in relation to its adopted budget, which has been structured on financial viability and sustainability principles.
- The FAS is intended to act as a guide to Council of the impact of financial activities and the reasons for major variances to the annual budget estimates.

PRESENTATION

- Regulation 34 prescribes the minimum detail to be included in the FAS. These are listed below.
 - Annual Budget estimates, and approved revisions to these, are to be included for comparison purposes.
 - Actual amounts of income and expenditure to the end of the month of the FAS.
 - Material variances between the comparable amounts and commentary on reasons for these.
 - The net current assets at the end of the month to which the FAS relates.
- An explanation of the composition of the net current assets at the end of the month to which the FAS relates; less committed and restricted assets.
- Councils are given the option of adopting a format which is considered most appropriate to their needs. These options are listed below.
 - According to nature and type classification,
 - by program, or
 - by business unit.
- It is recommended that while the information presented by cost objects (programs and activities) or by cost centres (business units) are useful for expense allocation and cost centre accountability purposes, they are less informative and difficult to comprehend in matters of disclosure and less effective in cost management and control.
- The FAS has therefore been presented in the format using nature and type classification as the most meaningful disclosure to the Council and public.

FORMAT

- The FAS is formatted to align with the Rate Setting Statement.
- The first part deals with operating income and expenditure, excluding rate revenue.
- The next classification is the amount spent on capital expenditure and debt repayments.
- The classification 'Financing Activities' provides a statement of sources of funds other than from operating or rates revenue, which are usually associated with capital expenditure.
- Attached to the FAS is a statement of 'Net Current Assets' for the budget and actual expenditure to the end of the month to which the FAS relates.
- Opening and closing funds represent the balance of 'Net Current Assets', not including any funds which are committed or restricted.
- "Committed assets" means revenue unspent but set aside under the annual budget for a specific purpose.
- "Restricted assets" means those assets the uses of which are restricted, wholly or partially, by regulations or other externally imposed requirements", e.g. reserves set aside for specific purposes.
- To avoid duplication in calculating 'Closing Funds on hand', certain balances, such as provisions and borrowings, are also deducted.
- The total Closing Funds on hand are to be taken into account when calculating the amount to be raised by rates each year.
- The classification "Net Cash on Hand" represents the balances of funds held in cash or invested and the analysis into those funds reserved, carried forward or remaining unspent at the end of the month to which the FAS relates.

CITY of PERTH Council Policy Manual

CP9.13 Not Rateable Properties (Rate Exemptions) and Partial Rate Exemptions

POLICY OBJECTIVE

To:

1. establish a consistent approach to determine whether land is not rateable under Section 6.26 of the *Local Government Act 1995*.
2. determine the eligibility of a partial rate exemption to property where it is evidenced that a portion of the land is used for a not rateable purpose.

POLICY STATEMENT**1. Principles for Determining Applications for Not Rateable Status**

Except as provided in Section 6.26 of the *Local Government Act 1995*, all land within a district is rateable land.

Land categorised as exempt under a sub-section of Section 6.26, with the exception of sub-sections (2)(a)–(c), will require submission of an application for Not Rateable Status with supporting evidence to be assessed in accordance with this policy. The supporting evidence must demonstrate that the land is not rateable land under Section 6.26(2). Land will be treated as rateable land until sufficient evidence has been provided to establish otherwise.

When application is made for Not Rateable Status under Section 6.26(g) - land used exclusively for charitable purposes - the application will be determined with consideration of the following:

- a. The land use must be for public benefit, where the benefit is available to members of the public generally or a particular section of the public and;
- b. The land use must be exclusively for charitable purposes, such as the relief of the disadvantaged, advancement of education, religious purposes or other purposes beneficial to the community at large and;
- c. Land will not be used for a charitable purpose if the predominant activity conducted on the land is a fundraising activity to produce an income that will be used for a charitable activity conducted somewhere else. For land to be used for a charitable purpose, the charitable activity itself must be conducted on the land and that activity must be the predominant use of the land.

1.1 Relevance of Land Use

When making a determination as to whether Section 6.26(2) applies in any particular case, careful consideration will be given to any commercial use of the land in question. If the land use is of the same nature as other land that is rateable land or the use is commercial in nature (for example, where a profit is being derived as the normal activity of a business), then it will be rateable land and Section 6.26(2) will not apply.

For a determination to be made that land is used exclusively for charitable purposes, the actual use of the land must be considered. Land will not be considered to be used exclusively for charitable purposes merely because it is owned or occupied by a charitable body.

In determining applications for Not Rateable Status where only a portion of the land is used for charitable purposes, consideration will be given as to whether or not the use of the land is ancillary to its primary use of charitable purposes. For example, where the primary use of the land is for a charitable purpose and an ancillary use of a portion of the land produces income which is subsidiary to the primary use, the land use will still be considered exclusively for charitable purposes and will therefore be eligible for Not Rateable Status.

Conversely, where the land is used for the purpose of deriving a profit, even if the proceeds are used to support charitable purposes, the use of the land will not be considered exclusively for charitable purposes and will therefore be considered rateable.

The applicant must provide sufficient information about the use of the land to demonstrate that the purpose for which the property is used is for a public or other benevolent community benefit and available to members of the public generally, or a sufficient section of the public.

In making the determinations of Not Rateable Status for land used exclusively for charitable purposes, consideration will be given to decisions made by other authorities and relevant case law.

2. Principles for Determining Applications for Partial Rate Exemption when only a portion of the land is used for a not rateable purpose

The City may apply a Partial Rate Exemption to a rateable property where it is evidenced that a portion of the land is used exclusively for a not rateable purpose as defined under Section 6.26 of the *Local Government Act 1995*. In this case and at the determination of the City, only the portion of land that is not used exclusively for a not rateable purpose and is a material part of the property will be rated.

Where sufficient evidence is provided that only a portion of a property is used for a rateable purpose and the remainder of the property is used for a not rateable purpose as classified under Section 6.26, then a proportionate assessment of rates will be levied for the portion of land used for the rateable purpose. For example, an educational institution making one of its buildings available to the general public for accommodation at a commercial rent, is subject to the payment of rates for that building. A religious

organisation utilising a hall for general public use or community hire is subject to the payment of rates on that facility.

Whether the portion of the property used for the rateable purpose will be subject to rates will be determined by the materiality of the frequency of the rateable use and the actual use of the land as evidenced by information supplied with the application. The following will apply:

- a. Where the materiality of the frequency of the rateable use does not exceed 10% of the total land use, that portion of the land will be eligible for Not Rateable Status and a Partial Rate Exemption may be applied to the property.
- b. Where the materiality of the frequency of the rateable use exceeds 10% of the total land use but the income earned is less than 10% of the total income derived from that property, that portion of the land will be eligible for Not Rateable Status and a Partial Rate Exemption may be applied to the property.

If the level of income derived from commercial activities is material in relation to total income from the property then a partial exemption will not be granted. Section 15 (a) of the Australian Accounting Standard for Materiality states; "an amount which is equal to or greater than 10 per cent of the appropriate base amount may be presumed to be material unless there is evidence or convincing argument to the contrary".

The analysis of the financial data must be for the property to which the application applies and not the organisation as a whole.

- c. Where a portion of rateable land is leased to a charitable organisation that uses the land for a charitable purpose, then the portion of the land subject to that lease will be eligible for Not Rateable Status and a Partial Rate Exemption may be applied to the property. For example; where 30% of the property is leased to be used for a charitable purpose, then 30% of that land will not be rateable and the remainder of the land will be rateable.
- d. Where a clearly defined part of otherwise not rateable land is used for a rateable purpose, the portion of the property used for a rateable purpose will be rated and the remainder of the property will be eligible for Not Rateable Status and a Partial Rate Exemption may be applied to the property. For example commercial business leases being part of a property otherwise used for charitable purposes.

In any case where a portion of a rateable property is exempt or vice versa, any common area will be apportioned on a pro rata basis for rating purposes.

2. Applications for Not Rateable Status or Partial Rate Exemption

Applications are to be made on the form provided by the City and contain a declaration as to the accuracy of the information contained therein. The City may seek any additional information deemed necessary to evidence the application as to the nature and extent of the purposes for which the land is used.

Applications will be reviewed and determined in accordance with Section 6.26(2) of the *Local Government Act 1995*, general rating practices applied by local governments and any other criteria contained in this policy.

Where it is considered that an applicant does not qualify for Not Rateable Status or Partial Rate Exemption, the application will be refused and the applicant provided with written advice of the grounds for refusal.

Where a determination of Not Rateable Status or Partial Rate Exemption is granted, the amendment to the rate record indicating Not Rateable Status or Partial Rate Exemption will take effect from the 1st July of the current financial year in which the application was received.

3. Review of Determinations

A determination of Not Rateable Status or Partial Rate Exemption may apply for a maximum of three-years only where:

- 3.1 the purpose for which the land is used is considered to be on a continuous basis, and;
- 3.2 the applicant has provided evidence of a legal right to occupy that land for the period of the determination and;
- 3.3 the land use continues to meet the qualifying criteria.

A determination of Not Rateable Status or Partial Rate Exemption is to be reviewed on a triennial or annual basis (whichever is considered applicable) for continued eligibility. The applicant is required to advise the City within one month of any change occurring to either their operations and / or the use of the land or the portion of the land, where it no longer complies with the conditions of Not Rateable Status. In any case, all determinations will be subject to ongoing review to ensure that the land use continues to meet the qualifying criteria. The City may review the Not Rateable Status of land or request additional information from an applicant at any time during the term of Not Rateable Status where it is considered that the circumstances of the land use may have changed.

A new application form is required to be submitted to the City for each review.

CITY of PERTH Council Policy Manual

4. Rates Exemption Register

The City will maintain a register of determinations made in accordance with this Policy. The Register will record details of the organisation, the property and the purpose for which the land is used; the determination made and review dates and the equivalent amount of the rates levy amount. These details will be communicated to the applicant. The register will also be used to facilitate the initiation of the review processes as appropriate.

MAP / SCHEDULE:	Schedule 7 – Correspondence from the Western Australian Electoral Commission

Correspondence has been received from the Western Australian Electoral Commission (WAEC) advising that in accordance with Section 4.20(4) of the *Local Government Act 1995*, the WA Electoral Commissioner agrees to conduct the City of Perth 2015 ordinary election subject to that election being undertaken as a postal election (refer to Schedule 7).

a capital city and deliver efficient and effective community centred services.

DETAILS:

The 2015 local government elections will be held on Saturday, 17 October 2015.

Section 4.20(4) of the *Local Government Act 1995* enables a local government, having first obtained the written agreement of the WA Electoral Commissioner, to declare the WA Electoral Commissioner to be responsible for the conduct of an election.

Further, Section 4.61(2) of the *Local Government Act 1995* allows a local government to decide to conduct an election as a postal election.

The WA Electoral Commissioner has written to the Chief Executive Officer giving his written agreement to be responsible for the conduct of the City's ordinary election in 2015, as well as for any other elections or polls that may be required prior to that election. The WA Electoral Commissioner's agreement to be responsible for the City's 2015 election is contingent upon that election being conducted as a postal election.

The Governance Unit has been undertaking a number of initiatives to increase the number of electors contained within the Owners & Occupiers Roll, this has included direct mailout's to all property owners at the time of purchase of properties within the City of Perth. Advertisements and use of social media to encourage existing property owners and tenants to enrol continues to be undertaken.

Advocacy for change as part of the Capital City legislation also seeks to remove the requirement for certain enrolments to expire and have to reapply, but rather ensure that the CEO is satisfied that the enrolment still remains correct will assist in arresting the decline in enrolments that currently take place. As an example following on from the 2013 Local Government Elections 859 enrolments expired in accordance with Section 4.33(2A) of the *Local Government Act 1995*, which represented 28% of the total Owners & Occupiers Roll. Despite efforts of Officers only a small minority of reenrolments were received.

The City of Perth continues to pursue relevant legislative amendments within the proposed Capital City legislation that will allow for greater representation of critical stakeholders, being the business sector. Deeming Provisions like that contained within Electoral Provisions for the City of Melbourne has been considered.

Support for greater representation has been demonstrated by key industry groups including the Property Council and Chamber of Commerce & Industry WA.

In the absence of legislative change being introduced the City of Perth will continue to devise ways to increase electorate representation by various means including advertising both in general newspaper circulations as well as industry specific publications.

FINANCIAL IMPLICATIONS:

The WAEC has estimated the cost of conducting the City's 2015 election at \$46,000 (including GST). The cost of the 2015 election will be included in the Council's 2015/16 budget.

A recent announcement by the Federal Communications Minister Malcolm Turnbull said Australia Post would introduce a two-speed mail service, with a regular service operating two days slower than the current delivery speed, and a premium-rate priority service.

Services would likely be introduced in September 2015 and additional costs will be incurred. Given the limited timeframe from the time ballot papers are distributed and the close of polls, it will be imperative to utilise the premium rate priority service which will likely see a doubling of existing costs for postage of ballot papers and reply paid envelopes.

COMMENTS:

The City of Perth has conducted its elections as postal elections since 1995 and evidence suggests that postal elections consistently achieve a higher voter participation rate than in person elections.

It is recommended that the Council declares the WA Electoral Commissioner to be responsible for the City's 2015 election and any other polls that may be required prior to that election.

SCHEDULE 7

WESTERN AUSTRALIAN Electoral Commission

LGE 028

Mr Gary Stevenson
Chief Executive Officer
City of Perth
GPO Box C120
PERTH WA 6839

Dear Mr Stevenson

Local Government Ordinary Election: 2015

The next local government ordinary elections are being held on 17 October 2015. While this is still some distance in the future, I have enclosed an estimate for your next ordinary election to assist in your 2015/2016 budget preparations.

The estimated cost for the 2015 election if conducted as a postal ballot is \$46,000 inc GST, which has been based on the following assumptions:

- 11,300 electors
- response rate of approximately 45%
- 5 vacancies
- count to be conducted at the offices of the City of Perth
- standard Australia Post delivery service to apply.

This cost estimate includes the proposed increase in the postage rate by Australia Post effective from 2 March 2015. An additional amount of \$791 will be incurred if your Council decides to opt for the Australia Post Priority Service for the lodgement of election packages.

Costs not incorporated in this estimate include:

- non-statutory advertising (ie any additional advertisements in community newspapers and promotional advertising)
- any legal expenses other than those that are determined to be borne by the Western Australian Electoral Commission in a Court of Disputed Returns
- one local government staff member to work in the polling place on election day
- Any additional postage rate increases by Australia Post.

The Commission is required by the *Local Government Act 1995* to conduct local government elections on a full cost recovery basis and you should note that this is an estimate only and may vary depending on a range of factors including the cost of materials or number of replies received. The basis for charges is all materials at cost and a margin on staff time only. Should a significant change in this figure become evident prior to or during the election you will be advised as early as possible.

The current procedure required by the *Local Government Act 1995* is that my written agreement has to be obtained before the vote by Council is taken. To facilitate the process, you can take this letter as my agreement to be responsible for the conduct of the ordinary elections in 2015 for the City of Perth in accordance with section 4.20(4) of the *Local Government Act 1995*, together with any other elections or polls that may also be required. My agreement is subject to the proviso that the City of Perth also wishes to have the election undertaken by the Western Australian Electoral Commission as a postal election.

In order to achieve this, your council will now need to pass the following two motions by absolute majority:

- Declare, in accordance with section 4.20(4) of the *Local Government Act 1995*, the Electoral Commissioner to be responsible for the conduct of the 2015 ordinary elections together with any other elections or polls which may be required
- Decide, in accordance with section 4.61(2) of the *Local Government Act 1995* that the method of conducting the election will be as a postal election.

I look forward to conducting this election for the City of Perth in anticipation of an affirmative vote by Council.

Yours sincerely

David Kerslake
ELECTORAL COMMISSIONER
